

Embedded Computing Systems POLITO Curriculum

Core Program						
	Code	Title	Credit points Fall	Credit points Spring	Instructor	Language
ES Hardware Architectures	02LSEOV	Computer architectures	10		P. Montuschi	English
	02LQDOV	Specification and simulation of digital systems	6		P. Camurati	English
System Software	02NPSOV	Operating systems for embedded systems	8		M. Violante	English
	04GSPOV	Software engineering		8	M. Morisio	English
SoC-Design Methodology	01NWMOV	Electronics for embedded systems	10		C. Passerone	English
	01NOYOV	Microelectronic Systems		6	M. Graziano	English
Core Program			Σ 34	Σ 14		Σ 48
